

TechnologyOne

Plant & Fleet Management

Know your assets, improve performance

Maintain your plant and fleet at peak performance to increase reliability and asset availability.

Enhance processes and asset efficiency to improve your return on plant and fleet investment.

Overview

Purchase, manage, maintain, cost and dispose of all your assets with TechnologyOne's integrated Plant and Fleet Management solution. Book fleet, appropriately charge costs and resources and monitor and maximise performance.

Manage the asset lifecycle

Assess risk, criticality and condition to determine asset values for planning purposes, including long term capital expenditure requirements, criticality of asset performance, failure risk and impact.

Optimise performance and ensure compliance

Analyse the performance of your plant and fleet for maintenance optimisation, compliance and replacement purposes. Manage asset utilisation and availability to get the most out of your assets. Easily report on environmental impact.

Streamline booking approval

Use workflow to automatically route bookings through the approvals process. Configure automatic booking approval and completion for high-use assets.

Reduce maintenance costs

Operate and maintain your plant and fleet assets by planning and scheduling preventative and corrective maintenance work including inspections and defect assessments. Reduce reactive maintenance and associated costs with visibility on when to replace or repair assets.

Centralise asset data to reduce downtime

Set asset strategies and reduce downtime by centralising knowledge of asset components, failure rates, usage patterns and risk factors. Manage all operating costs and defects with a single integrated solution.

Book assets when you need them

Book or reserve fleet vehicles or plant from any device. View current bookings at a glance with a simple calendar view that shows availability. Integrate bookings with Work Management, for complete cost transparency.

Plant & Fleet enables you to...

Perform departmental recharging, plant/fleet hire, costings and charging

Manage asset purchasing, re-valuations, depreciation and disposals

Perform fleet replacement forecasting and maintenance budget planning

Manage pool vehicle bookings

Track accidents, insurance and infringements to bookings

Integrate contract, inventory and purchasing processes

Our enterprise software enables access from any device, any where, any time; and either on premise or via the TechnologyOne Cloud.

Manage the full lifecycle of an asset, from purchase to disposal

Plant & Fleet solution

Our approach

Our enterprise vision

The power of a single, integrated enterprise solution

Experience the power of a single, integrated enterprise solution built on a single modern platform with a consistent look and feel.

Market focus and commitment

Preconfigured enterprise software solutions reduce time, cost and risk

A deep understanding and engagement with our seven key markets means we can deliver to our customers integrated, preconfigured solutions that provide proven practice, streamline implementations and reduce time, cost and risk.

The power of one

One vision. One vendor. One experience.

When you invest in a TechnologyOne solution you benefit from a direct relationship with us every step of the way. We do not use implementation partners or value-added resellers. We take complete responsibility for building, marketing, selling, implementing, supporting and running our enterprise solution for each customer to guarantee long-term success.

The power of evolution

An enterprise solution that adapts and evolves

Substantial investment into R&D each year means we provide our customers a strong, continuing competitive advantage through an enterprise solution that adapts and evolves by embracing new technologies, concepts and innovation.

Simplicity, not complexity

Enterprise software, incredibly simple

Software that embraces consumer concepts and expectations to deliver solutions that are incredibly easy to use and remove complexity.

EAM002-1114

TechnologyOne (ASX:TNE) is Australia's largest publicly listed software company, with offices across six countries. We create solutions that transform business and make life simple for our customers. We do this by providing powerful, deeply integrated enterprise software that is incredibly easy to use. Over 1,000 leading corporations, government departments and statutory authorities are powered by our software.
