- Finance One continued to perform strongly
 - Involved in majority of deals
 - Strategic deals signed:
 - Government of Samoa
 - National Heart Foundation
 - Papua New Guinea Harbours Ltd
 - Royal Flying Doctors
 - Todd Energy (NZ)
 - Ministry of Defence NZ

Significant Achievements Last Six Months

- People One in 20 new deals (vs 4 last half year)
 - 73 People One customers now
 - Gaining momentum – On the way to being one of Australia's leading Payroll/HR solutions
 - Untapped potential in our existing user base
 - Another 12 to 24 months before we go after Best of Breed Payroll/HR market, giving customers a choice

- Retail One
 - No new deals in the first half
 - Focus in next 12 months shifts to R&D rather than sales
 - Note Supply Chain component in 29 of the 39 new deals

Significant Achievements Last Six Months

- Proclaim One 6 new deals (vs 3 last half year)
 - Barossa Council (SA)
 - City of Campbelltown (SA)
 - City of Holdfast Bay (SA)
 - Mareeba Shire Council (QLD)
 - Snowy River Shire Council (NSW)
 - Wyndham City Council (VIC)

- Leading supplier in Local Government in Australia

- Good opportunities going forward

Significant Achievements Last Six Months

- Student One
 - James Cook University signed
 - Clear win over other contenders is a strong lead indicator
 - Limited but good opportunities in the medium term

Significant Achievements Last Six Months

- Continued penetration in New Zealand
 - Far North District Council
 - Ministry of Defence
 - NZ Automobile Association
 - Port of Tauranga
 - Todd Energy
- Good opportunities going forward

Significant Achievements Last Six Months

- Malaysia only one new contract
 - Nandos Chickenland
 - New Business Development Manager appointed
 - Expect improvement in second half

Significant Achievements Last Six Months

- Project Services
 - Reduced performance as forewarned last year
 - NSW major focus to grow the sales pipeline
 - Second half continues to look challenging

Significant Achievements Last Six Months

- Biz One initiative to increase our penetration in the SME market

- Why Biz One?
 - Finance One is seen as too big for SMEs
 - Pricing and implementation too expensive for SMEs
 - Appropriate Pricing Model and Basis for Calculation
 - Template driven solution with some limitation on functionality

- More successful trials now run as follows:
 - IFAP (Industrial Foundation for Accident Prevention Industrial Foundation for Accident Prevention)
 - Cross City Motorways
 - Bravura Solutions
 - SMB Fleet Management

Significant Achievements Last Six Months

- Further trials to continue over next six months
 - Opportunity still unclear

Significant Achievements Last Six Months

- Release One of our new integrated Project Management/Work Order Management solution (Work One):
 - Out of The Box solution for Finance One customers
 - Strong potential going forward
 - Significant development still required
 - Low/Mid end solution for:
 - Capital Intensive Industries
 - General Professional Services Organisation
 - Strategic Partnership being put in place for Mid/Large organisations

- XLOne reporting tool extended across all our enterprise applications

Significant Achievements Last Six Months

- Continued R&D across all products
- R&D into our next generation products (Connected Intelligence series) on track
- Finance One CI released and now live at 4 sites
 - All new Finance One sales are on the CI platform

Significant Achievements Last Six Months

- New Product Service Delivery group formed
 - Provide support to our consultants to better deliver excellent customer service
 - Interface between R&D and our Consultants
 - Complimentary to our Product Marketing group formed last year

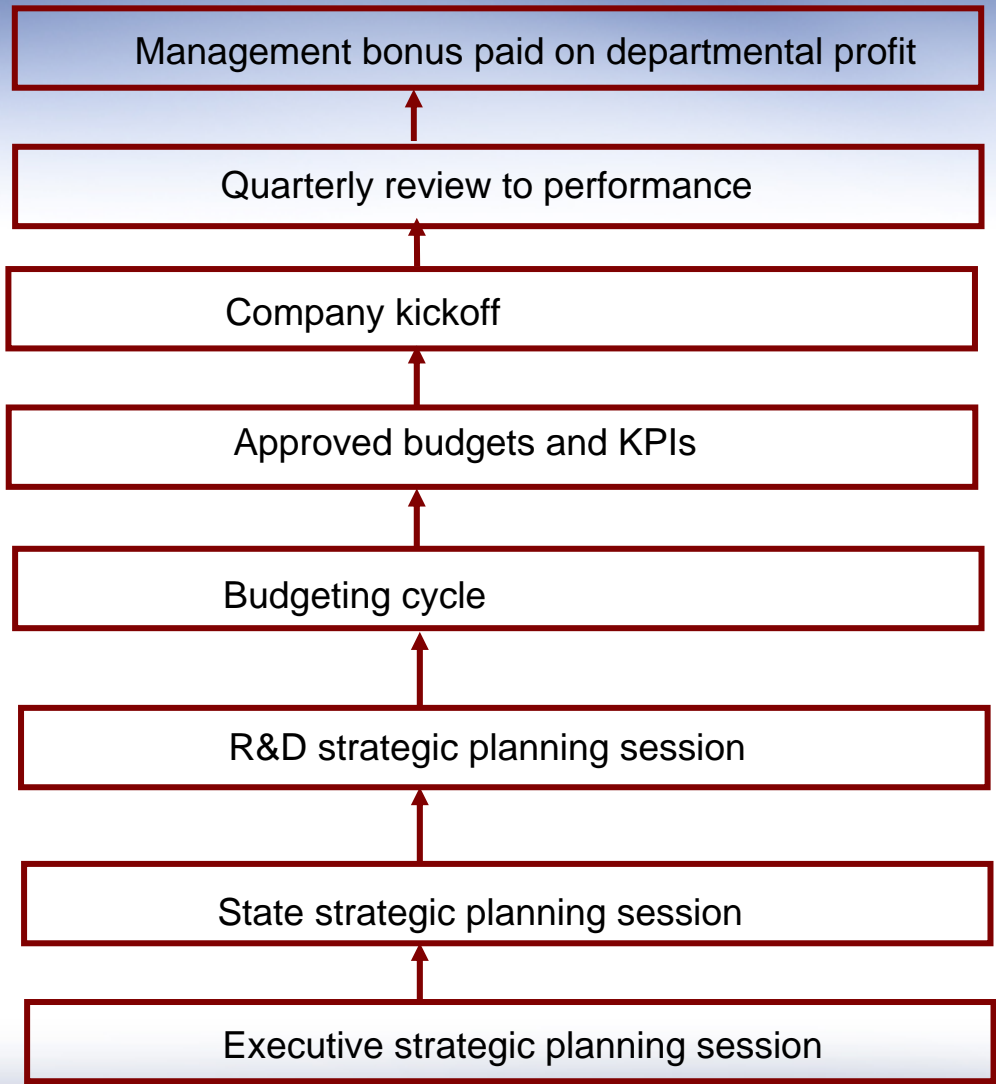

Significant Achievements Last Six Months

- Pipeline management improving
- Integrated strategic planning approach being adopted across the company

Integrated Strategic Approach

Outlook

- Aggressive R&D program to continue for the short term
 - 19-20% of revenue
- Connected Intelligence (CI) major R&D focus for next two years:
 - Finance One CI Stage 2
 - Retail One CI
 - People One CI
 - Student One CI
 - Proclaim One CI

Outlook

- Other major areas of R&D in the next 12/24 months:
 - Multi-currency for international markets
 - Works Order/Asset Management (continued work)
 - Business Intelligence
 - New Procurement system
 - Maturing of Retail functionality
 - HR functionality for People One
 - HESA/HEIMS for Student One

- CRM (Out of The Box) under consideration

Outlook

- Good start to the financial year

- Clearly on track for expected profit growth for 2004/2005 financial year will be at the higher end of our range:
 - 5% to 10% growth
 - Additional costs in the next half as we add more infrastructure to handle CI rollout as well as increase development resources

- UK is our next geography
 - Planning very advanced
 - Software modifications are still in progress
 - High Caliber Country Manager identified and negotiations in progress
 - Start date January 2006 based on Country Manager contract being finalised
 - Our expectation in the long term is that our UK business to be at least equal to our Australian operation

Outlook

- Challenges for 2005 and 2006 are as follows:
 - “Bed down” Finance One CI and establish it in the market
 - Progressively develop and release other CI products
 - Initial entry into UK market
- Market consolidation continues
 - Microsoft has four overlapping products that will be replaced with Project Green.
 - Oracle has three overlapping products that will be replaced with Project Fusion
 - Project Green and Fusion technical and logistical challenges are enormous!
 - This may lead to a significant customer attrition rate in the coming years

Outlook

- Higher Education confusion continues
 - Viability of alternative solutions in the Australian market in question
 - Callista has recorded major losses in last two years
 - Oracle yet to announce its future plans for Peoplesoft's student administration solution.
 - Peoplesoft's slow response to legislative changes required by Australian universities.

- Acquisitions and partnerships continue to be investigated
 - New vertical markets
 - Horizontal products to extend existing product breath

Growth Strategy

- Capitalise on market pickup and consolidation
- New generation products - Connected Intelligence (CI) series
- One integrated solution strategy
- Increase traction for our newer products
- Target the SME space – Biz One initiative
- Sharper focus on State and Federal Government
- New verticals through partnerships or acquisitions
- Sales growth from overseas expansion
- Protect our existing customer revenue base
